
CD39:9. There is much of this that cannot be right, the [illegible] question being is it the usual FBI garbling. One: If Oswald "had been sent home". The inference is disciplined, which is inconsistent with his El Toro assignment. The "lots oftalk about Oswald undoubtedly after the "defection", which, of course, was after he "was sent home" but unrelated to it. Unless Thornley ([illegible] known as "Rick", to my knowledge) began writing the book while at Atsugi, there is here a pretty strong inference KT later had reason to believe Schr[illegible] knew things about LHO, for LHO had left Atsugi before [illegible] got there. [illegible] what [illegible]'s job put him in such a position (His [illegible] function is not indicated) [illegible] interesting.
